It's strange but as I was writing this chapter I thought about the question "Where was your first kiss?" At a train station at school? Do you remember it for good or bad reasons?

In Senior High I was walking down the corridor to my classroom when suddenly a friend said "Let's kiss" and my heart went "doki doki". I thought it was kind of cool though

In my junior year of senior high there was this guy that I told I liked him but he didn't say anything about it so I cried for a long time. I though he was a nice guy. I still think so.

EH!?
KANNA DIDN'T KNOW!?
WHY DIDN'T I KNOW... ABOUT THIS?
